

Our Mission; “To enhance the dignity and quality of life of Oregon seniors and partner with families who seek home assistance”.

Our Nonprofit Difference

United Homecare Services was founded in 2001 as a nonprofit agency with the mission “To enhance the dignity and quality of life of Oregon seniors, and partner with families who seek home assistance.” In carrying out our mission, we strive to make the process of attaining help at home as effortless and uncomplicated as possible. Our experienced and compassionate caregivers not only meet the needs of the client, but also provide a caring family member respite from the responsibilities of daily care.

As a nonprofit, we are a different kind of caregiving agency. We have only two major concerns: providing the best possible care to those in need, and supporting our valuable team of experienced caregivers. We do not need to make a profit for the franchise, shareholders or owners. Our nonprofit difference benefits you. With nonprofit status, we can provide the highest level of care from the most qualified care staff at the most reasonable rates—without the surprise of added charges. Our wide range of services, coupled with flexible hours and affordable rates, brings you peace of mind.
